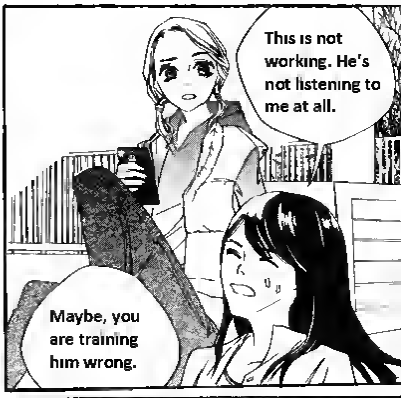
지금 당신의 개는 안전합니까?

I am back !
Here comes another noisy thing.
하아~
시끄러운 게
돌아왔다.
Sis, look.
Gotta take some pictures.
Forget it.
Sis, isn't this yours ?
Only wore twice
Don't you think we should, you know, train him?
hmm ?
This is called creative interior design
If he does one more of those designs, we will be poor.

Puppy, sit !
Come on ! Sit ! No treat for you!
Training
저기서 싸우는 냄새가 나.
She reacts only when her things get messed up.

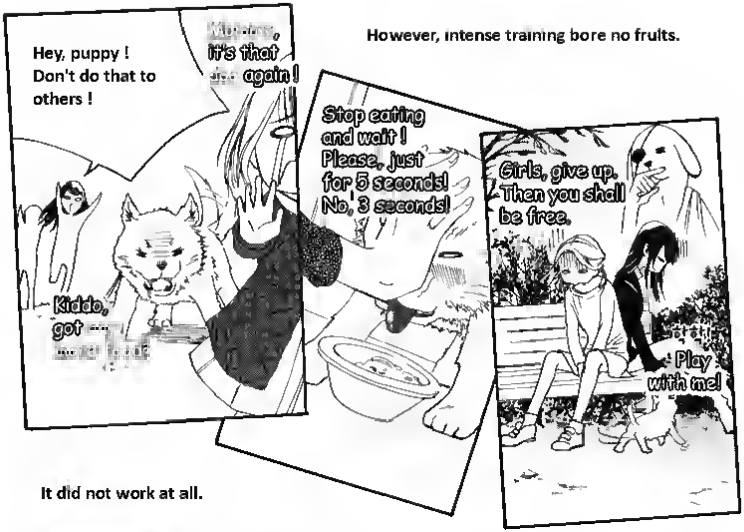


This is not working. He's not listening to me at all.
Maybe, you are training him wrong.

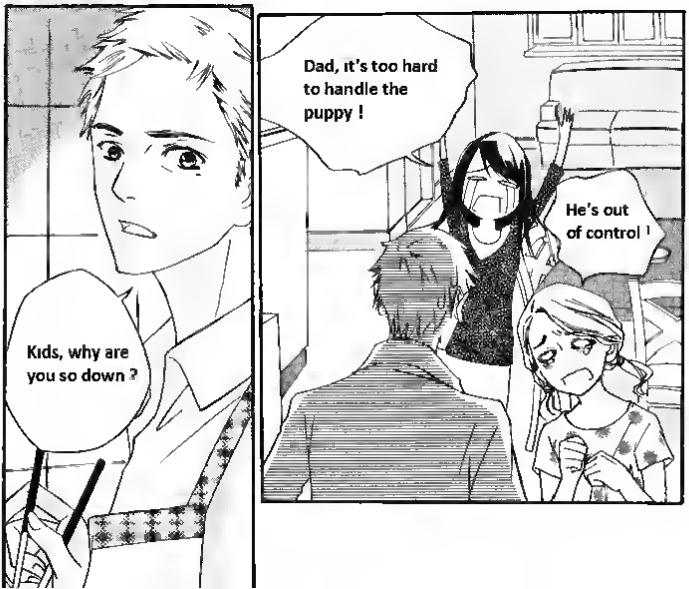
Do you have any better idea ?
그러게?
Well?

I found something ! (A simple lesson of dog training)
What does it say?
Call its name and when its eyes meet yours, reward him.
Any food here?
That's a peice of cake !
Hey, puppy, puppy !
He's looking at me now!
And he's not interested.
Kiddo, share whatever you are eating !
Mommy! Scary dog !
Hey ?!
타닷

The reason a dog wouldn't listen to you is because he thinks he outranks you , it says
Shut up !
So, you think you outrank me, huh ?
Sis, it's just a puppy. Don't get carried away.
학!
뭐지?
Let go
You said this dog needs to experience hell to train !
I didn't say that. 아니-
But we might as well try we can to train him.
That's my sister !
Okay, sis, I will join you ! !
Otherwise, it will get later !



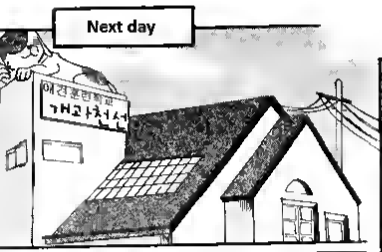
Hey, puppy ! Don't do that to others !
Mommy, it's that again !
Kiddo, got ---
Stop eating and wait ! Please, just for 5 seconds! No, 3 seconds!
However, intense training bore no fruits.
Girls, give up. Then you shall be free.
Play with me!
It did not work at all.



Dad, it's too hard to handle the puppy !
He's out of control !
Kids, why are you so down ?

Do you have to train him at home ?
Why don't you visit a dog training center?

That was so easy that I feel void... I feel powerless, dad.
It's right by the station.
Oh, right. We can visit professionals.



Next day

Teach him a lesson !
Ok... Let me first ... what kind of dog it is...

Huh ?
Let me out. If ... let me ... now, I won't bite ... won't be blood.

뭐라?
What?
Um..., I don't think this is a dog. I think this is a wolf.
And our puppy was sent to a wild animal center...
삐용삐용
So, the puppy was a wolf ...
He did like raw meats more than dog foods.
Now that you mention it, yeah.
Idiots
